

**Psychiatric Mental Health
Nurse Practitioner, MS
2024-2025**

OVERVIEW

The MS PMHNP is a part-time program that incorporates a blend of synchronous and asynchronous online coursework. In general, students will meet synchronously about 5-6 times per semester. Regarding clinical assignments, we encourage students to participate in the identification of a site prior to their clinical year. If they are unable to identify a preceptor, we will work with the student to make the arrangements.

CURRICULUM

	Fall	Spring	Summer

	MS Credit Total: 49	Clinical Hours: 760	

**Psychiatric Mental Health
Nurse Practitioner, CGS
2024-2025**

OVERVIEW

The CGS PMHNP is a part-time program that incorporates a blend of synchronous and asynchronous online coursework. In general, students will meet synchronously about 5-6 times per semester. Regarding clinical assignments, we encourage students to participate in the identification of a site prior to their clinical year. If they are unable to identify a preceptor, we will work with the student to make the arrangements.

The program spans 28-37 credits, a determination made by the Program Director through a gap analysis post-admission. Applicants who have completed the 3 Ps (Advanced Pathophysiology, Advanced Pharmacology, and Physical Assessment) more than two years ago may be required to either retake the relevant class(es) or undergo challenge exam(s).
